## Fun Fact

→ Backpacked/traveled to  
30+ countries, and lived in  
Turkey, Egypt, and Jordan.

## Projects

**TravelNHost** [React, Redux, PostgreSQL, Rails] [Live](#) • [GitHub](#)

- Utilizes a React RESTful architecture with a Redux framework to provide info on demand without load time for reliable DOM rendering.
- Integrates Google Maps API to accurately map users in 17 destinations.
- Combines ActiveRecord with PostgreSQL for custom queries.

**Yoshi Jump!** [JavaScript, HTML Canvas] [Live](#) • [Github](#)

- Simulates gravity and provides collision detection through JavaScript.
- Renders a seamless scrolling 2D motion experience using HTML Canvas and a fun, light-hearted user experience.

**BaseRecord** [Ruby] [GitHub](#)

- A custom Ruby ORM library that allows users to perform database operations in an object-oriented manner.

## Work Experience

**New York University** Mar 2015 – Nov 2017

**Outreach Administrator, Kevorkian Center for Near Eastern Studies**

- Oversaw and implemented website migration in cooperation with the NYU FAS Communications team to design a user-friendly website.
- Developed a new partnership with the NYC Department of Education by successfully obtaining professional accreditation for four intensive teacher training programs, increasing new audience base by 35%.
- Managed all aspects of professional development programs for k12 educators, including curation of topics, speaker selection, and budget.
- Streamlined publicity among various web, listserves, and social media.

**American Turkish Society** Oct 2013 – Mar 2015

**Program Officer**

- Conceptualized arts, business, policy, and networking events; identified speakers and sponsors; negotiated contracts with vendors and venues.
- Contributed to two New York Turkish Film Festivals, a program with an audience of over 1200. Main responsibilities included managing 20+ volunteers, managing venue logistics, and obtaining sponsorships.
- Managed all of The Society's varied grants and scholarships programs.
